NOTES

- (a) The above figures are of children aged one up to 18
- (b) The figures are authenticated by the Camp Committee; however, I do not think they are absolutely correct. While the total number of children is correct, the categories are not quite correct.

3. The following figures were submitted to Sir Godfrey Collins at his request, in order to answer a UNO cable regarding the status of children in the camps. These figures represent a composite picture of the details given above. Please note that Headquarters 1 and 2 refer to Karaolos and Xylotimou, while Headquarters 3 refers to the new Camp 70.
